Made in Northamptonshire

Our 2024 directory celebrates 13 years of Made In Northamptonshire, a coming of age of sorts...

These past thirteen years have welcomed a full force of delicious bites, delectable drinks, flavours, sauces and sweets to suit every palate and dietary need. We celebrate an evolving landscape of passionate producers and discerning diners helping to celebrate the county's passionate food and drink producers and those that stock and serve their tasty treats and tipples.

Since our last printed directory in 2021, our philosophy remains the same to celebrate and grow our local food and drink industry enabling us to keep skills local, reduce food miles, encourage job creation and to increase the amount of income that is spent on food and drink to remain and support the local economy. Moreover, we are excited to be promoting those businesses who are showing their green, sustainability and healthy credentials!

I love promoting local produce, supporting the mentality that local food tastes amazing and does good. Our customer base remains the beating heart of our industry supporting all that's food and drink in Northamptonshire. As you turn to the next page, you begin your trip around Northamptonshire exploring the very best food and drink delights, finding new staples and learning more about what our ever-evolving county has to offer.

Thank you for supporting local and we hope you find lots that tempt you. Look out for the local logo – Made In Northamptonshire!

Find out more about Made in Northamptonshire online at our website madeinnorthamptonshire.co.uk or connect with us on Social Media!

Made in Northamptonshire

As a multi-stakeholder establishment, we focus on supporting producers and eateries helping them grow, make, produce, develop and sell Northamptonshire food and drink.

We are extremely proud of our produce, those who work endlessly to bring it to our market and our community whom we share these food and drink delights with.

Over the past few years our industry has faced many challenging difficulties; the pandemic forced a lot of change to operations within the food and drink field. Our businesses evolved to ensure they still produced their goods in our locality and were absolutely outstanding in doing so.

Our businesses have also faced the turmoil of changes and hardships in our current economic climate and the cost-of-living crisis has anchored further change to businesses.

This is not all about business resilience though many producers have offered help for local residents or donated to foodbanks within our county. We are very proud of all those whose provenance is Northamptonshire! We are a Collective of producers and eateries who meet quarterly and are continuously looking for new chances to advance and sell our food and drink and the opportunity to recount the tales behind them.

In 2024 look out for more and more opportunities to buy local: and if you know somewhere who should be stocking local let us know – email us at info@madeinnorthamptonshire.org

Northamptonshire's Farmers' Markets are positively buzzing with folks wanting to get their hands on quality local produce and drink at the right price.

Whether it's homegrown veg, locally reared meat, cakes or bakes, sparkling cider or tasty pork sausages, where better to pick up the tastiest treats than from the farmer or producer themselves?!

Mario's Ice Cream
Simple. Clean. Honest. Real ingredients for real taste. Our ice cream is created by hand using a fresh, local and minimal ingredients list. Real taste, less fat, naturally. Our products are 100% natural. Our longevity is due to the success of our original ice cream recipes and ice cream-making skills, the basis of which has not changed. We are still using traditional processes, but have added modern methods and technology, enabling us to experiment with new flavours and ideas. We recently opened our new Ice Cream Factory, and with our experience and desire to create beautiful ice cream we will be making ice cream for many years into the future.
