TESTEMONIAL

DEBAG Ovens are EXCEPTIONAL!

Having worked with them for the first time back in April 2025, I was astounded by the streamline look, the versatility of the oven and the excellent built in programmes, it is the first time I have been able to cook a butter croissant perfectly straight from frozen, without the short thawing process prior to baking. I highly recommend the DEBAG ovens, and I cannot wait to continue working with them.

Vicky Martin - National Account Manger - Delifrance

DEBAG
